

To Our Shareholders and Friends

Rohm was founded in Kyoto, has continued growth as a semiconductor manufacturer, and in September 2008, will celebrate its 50th anniversary.

I am grateful to our customers who acknowledge our products, to our hard-working employees who have shared all the ups and downs of the Company as well as its joys and sorrows, to local communities that have backed the Company through our 50-year journey, and above all, to you, our shareholders, for your ideas, continued support, and enthusiasm in helping us grow ROHM into a company of which we can all be proud.

We will continue making an all-out effort to further advance our business performance and respond to the expectations of shareholders, investors, and all stakeholders.

We look forward to the continued support of shareholders, investors, and all stakeholders.
