

■ Typical Applications

● Automotive electronics

Engine control
 ABS
 Fuel delivery control
 Door-lock control
 Meter peripherals
 Air conditioner control

● Battery circuits

Lithium battery protection
 Lithium battery recharger
 Ni-Cd, Ni-H recharger
 Low battery indicator

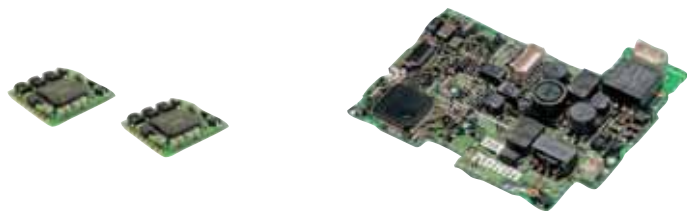

● Communication equipment

IP Tel
 Router
 STB

● Office equipment

Personal computer LCD
 Driver power supply
 Portable computer battery charger
 CD-ROM power supply
 Copy and fax machine motor control circuit
 Image processor circuit
 Digital still camera

● Industrial equipment

Game machine controller
 Game machine power supply
 LCD power supply
 Vending machine power supply
 AC controller
 Inverter controller
 Switching regulator
 Hot water system controller
 Sensor input or output interface unit
