Reference: Results for the previous fiscal year (ended March 31, 2009)	170,794	25,435	34,150	12,903	117.76

Reason for revisions

Business results are expected to exceed forecast data as announced on August 7, 2009, due to firmer overall economy and further effects of cost reduction, although yen was stronger than were expected. Accordingly, ROHM has revised the business results forecast for the first six months of the year ending March 31, 2010 as above.

Forecast Data for entire year has not been finalized. Rohm will make that information available on the day of announcement of financial statements that is scheduled for November 9, 2009

<Notabilia on forecast data>

Since the statement regarding the business results forecast accounted for in this press release is based on current information acquired by ROHM as well as specific legitimate prerequisites, actual business results may be considerably different due to various factors.
