

High Brightness Series for Automotive Applications

0603 inch-Size Lens LEDs

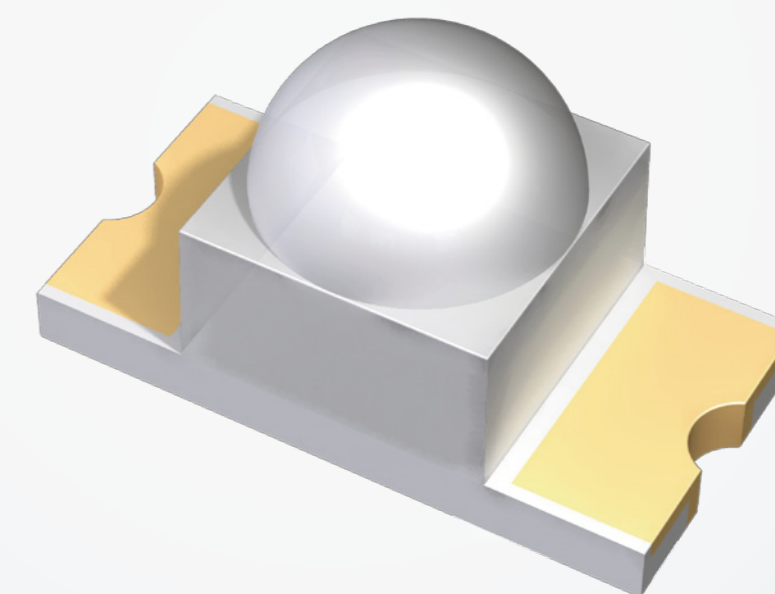

LSML4

Features

- Equivalent brightness as PLCCs in a 0603 inch-size Lens-equipped design
- Reduces mounting area by 66% compared with PLCCs
- Light leakage countermeasures utilized

Applications

- Instrumentation lighting
- Car audio systems
- Switch lighting

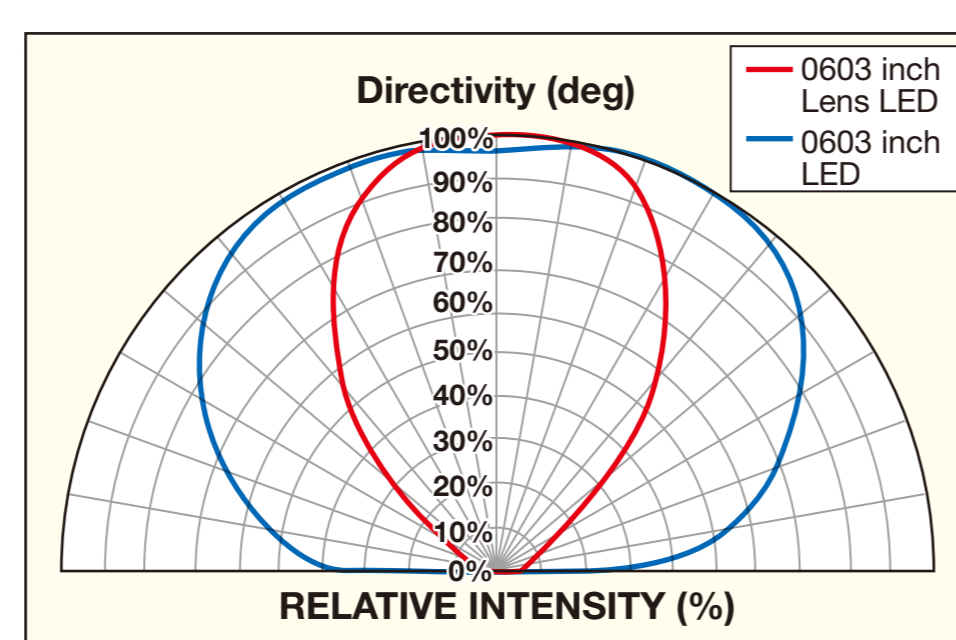

0603 inch

Product Comparison

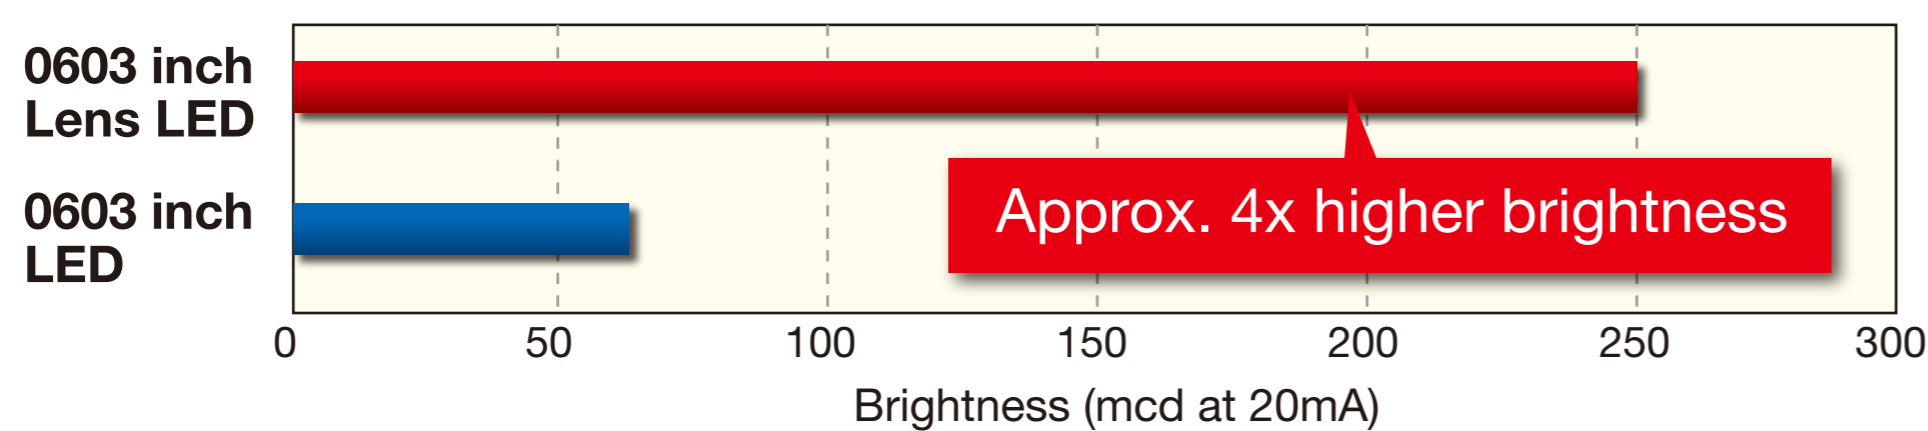

1. LED elements placed in the middle of the package

Miniaturization technology enables uniform directivity in a 0603 inch size package

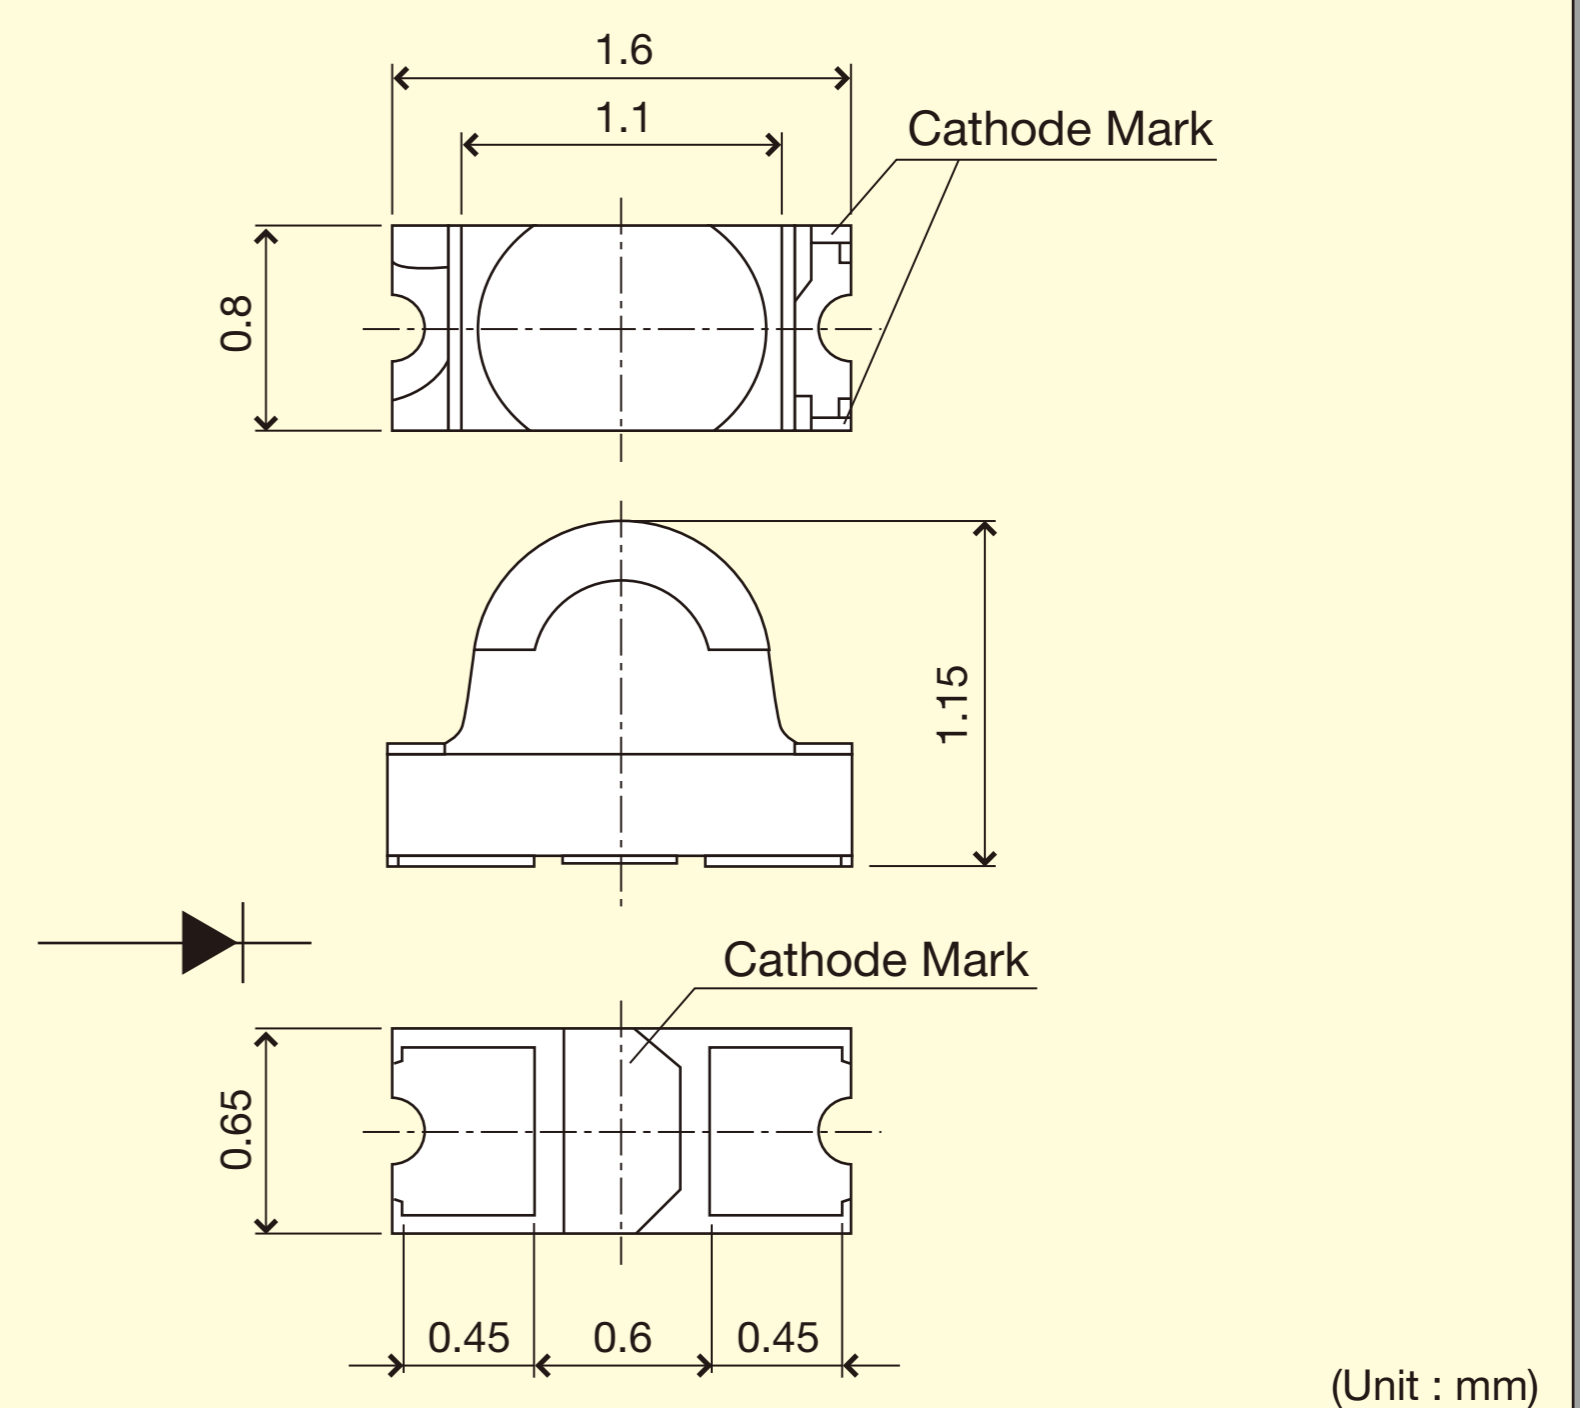

Viewing Angle (2θ 1/2)
 0603 inch Lens LED 30°
 0603 inch LED 80°

2. High brightness
